

# Work in total comfort from a wheelchair

Unique tilt and height  
adjustable wheelchair desks

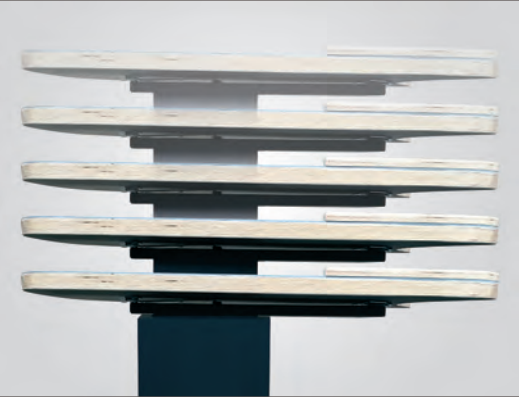

**aalborg**  
FURNITURE • FORM • FUNCTION

### Unique tilt adjustment

Desk top tilts to aid writing, reading or viewing a screen.

Bracket locates securely into slots to achieve a range of angles.

### Manual height adjustment *WD-M model*

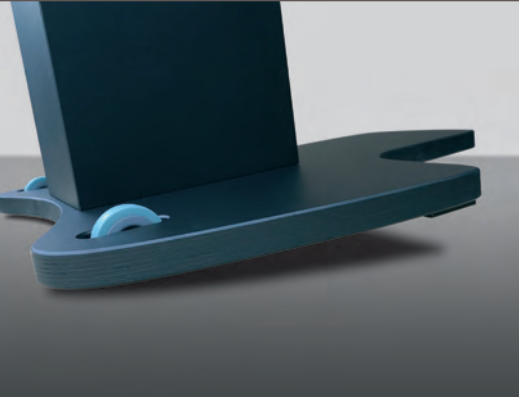

Simple locking pegs securely set a number of heights.

Height settings created to specific customer specification.

### Electronic height adjustment *WD-E model*

Silent, effortless adjustment from a low setting of 65cm to a high of 120cm via two soft touch buttons.

### Stable wheeled base

Shaped to receive a wide range of chair front wheels.

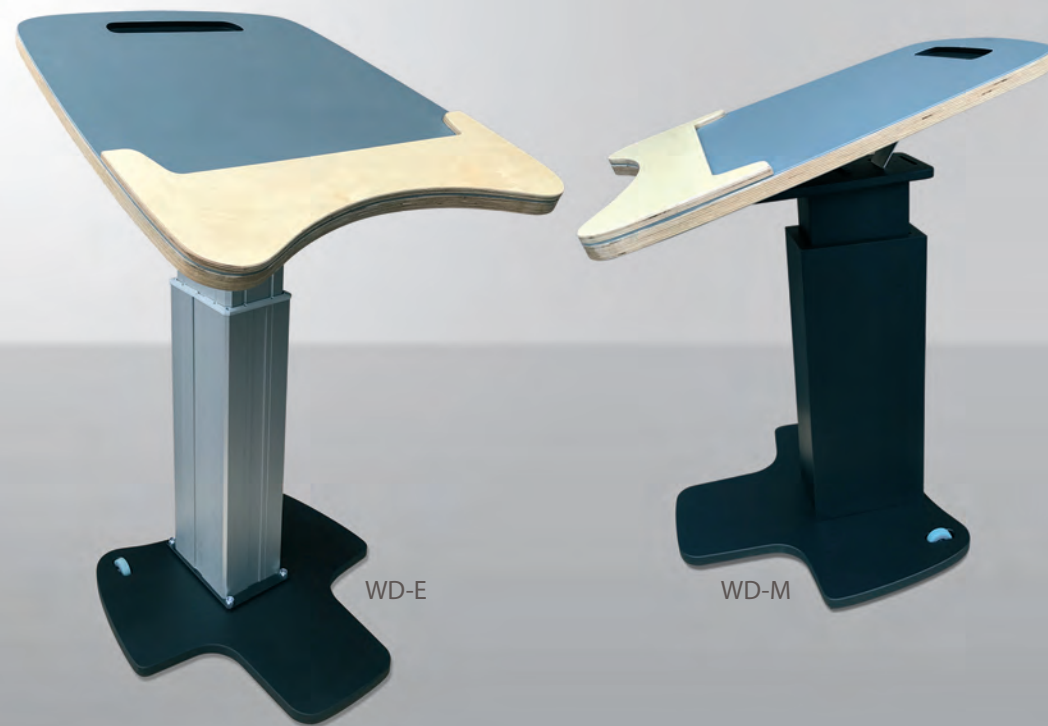

Two castors are mounted into the base. Tip and wheel to reconfigure or clear rooms, or move from one room to another.

### Aalborg offers two versions of wheelchair desk

- The manually height adjustable **WD-M**
- The electrically height adjustable **WD-E**

Both models can also be used as a sit-stand desk by non wheelchair users. Great for improving concentration, reducing back pain and improving blood flow during a long working day.

Visit [aalborgdk.com](http://aalborgdk.com) or call +44 (0)1509 264112 for more details on our entire range of education and workplace furniture.

WD-E

WD-M

### Desk top features

Desk top features slots for pens, brushes and drinks.

Retaining 'lip' prevents items sliding off the desk top when tilted.

## Available in a range of colours and finishes

The main work surface is finished in a hard wearing and stylishly neutral grey desk top lino as standard.

The raised section can be supplied in lacquered natural, black or blue as standard. Other colours are available on request and at additional cost.

Desk tops measure 700mm x 750mm. Other shapes or sizes are available at extra cost.

The WD-E model will sustain a load of up to 150kg.

Please call **+44 (0)1509 264112** for further details.
